

Terrible Suffering

Eczema All Over Baby's Body.
"When my baby was four months old his face broke out with eczema, and at sixteen months of age, his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy." Mrs. Inez Lewis, Barre, Maine.
Hood's Sarsaparilla cures blood diseases and builds up the system.
Get it today in usual liquid form or chocolate tablets called **Sarsatabs**.

BREAKS UP A COLD IN SEVERAL HOURS

Most Effective and Harmless Way to Cure a Severe Cold and End All Grippe Misery.

There is not one grain of quinine in Pape's Cold Compound, which, when taken every two hours, until three consecutive doses are taken, will surely end the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any drugist in the world can supply.

PITCHERS TO BE ON THE LEVEL.

Boxes Will Not Be Raised Above the Diamond.

Cincinnati, O., Jan. 17.—That the "turtleback" diamond is soon to be a thing of the past in organized baseball is the statement made by President Herrmann of the Cincinnati Nationals. "I shall bring the matter to the attention of the National league at the February meeting and hope at that time to secure their consent to allow us to employ an official surveyor and to have all the diamonds perfectly smooth," said Mr. Herrmann. "It is absolutely possible for a pitcher to hold his pitching to a safe degree of certainty when he is eighteen inches above the batter."

"When I came to Cincinnati, I found Beecher, Mitchell and McLean batting only fairly. I examined the grounds and saw they were batting up a hill against the pitcher and that the twirler always had an unfair advantage. Therefore I sent for a surveyor and we got the diamond perfectly level, after which not only Beecher, Mitchell and McLean, but other players as well, could hit much better."

"I shall see that we use the canvas coverings and therefore there will be no need to have the pitcher's box higher than the rest of the diamond in order to shed the rain."

NATIONAL SKATING TITLES.

Canadian and American Stars Meet at Chicago for Championship Events.

Chicago, Jan. 17.—Skaters of international reputation are here for the national indoor skating championships to be held here to-night. The last of the out-of-town entrants arrived Sunday, when champion Edmund Lammy and his brother, Ernest, of Saranac Lake, N. Y., reached here. One of the classic fields of skaters which has ever appeared in this city will compete. Besides the Lammys, there are Fred Robson, R. L. Wheeler and A. Mason of Toronto, the former being the Canadian champion; Let Roe of Toronto, the dominion champion, and Harry Legge and Harry Coo of the same city. Others who will skate are: W. C. Schwartz, the Pennsylvania champion; A. J. Hess, Ohio champion; Carl Alroth, western champion, and C. T. Fisher, Wisconsin title holder.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Brand Whitlock Ill.

Toledo, O., Jan. 17.—Suddenly stricken with appendicitis Sunday, Mayor Brand Whitlock is confined to his bed at his home. His physicians say that no operation will be necessary at this time, but that he must remain in bed several days.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness, and new soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonials received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HOPE FOR TARIFF BOARD

Plan is Generally Favored by Republicans

LONGWORTH AND DALZELL

Substantially in Agreement—A Filibuster Possible in the Senate—Measure Considered Most Important Party Policy.

Washington, Jan. 17.—No fundamental differences exist between the Dalzell and Longworth element in the House of Representatives over the proposed tariff commission bill, according to authority as reputable as that which, in the morning papers, assumes that the tariff commission idea will be abandoned in the House and no attempt made further in that direction, except to grant an appropriation of \$500,000 to continue the work of the present tariff board. President Taft entertained the Republicans of the committee on ways and means at dinner Sunday evening and, although all the diners are reticent as to the conference, enough is known to indicate that Republicans of all shades of tariff belief think it will be bad politics for the party to dodge on the tariff commission plan.

The whole situation has been given an uncomfortable turn by the notice served in the Senate by Bailey of Texas on Friday, that no tariff commission bill would be permitted to pass at this session. Senator Heyburn of Idaho, a Republican also, is expected to join the obstructionists. For his tariff views, none for the most hidebound of high protectionists have any respect, but Heyburn is an able man and a master of parliamentary law, and if he should decide to join with Bailey in a filibuster the tariff commission bill would almost surely fall in the Senate. Neither Bailey, as a Democrat, nor Heyburn, as an unyielding high protectionist, care what political results might come from the defeat of the president's plan. Bailey, who has no sympathy with the Cleveland idea of untaxed raw materials, wants the Democratic party to have a free hand in the revision of the tariff according to "Democratic principles," whatever they may be. Nor as the traditional enemy of protection, theoretically at least, could the Democratic party be expected to encourage a plan based upon respect for protection. Heyburn said on the floor during the tariff debate that no duty could be too high for him. He represents that remnant of the old guard still remaining, as does Dalzell in the House, whose chief use for a place in Congress has been to keep the protective duties at the highest possible point.

It is understood, however, that the committee on ways and means will eventually produce a bill which will give either the present tariff board, or a slightly larger one, an independent legal existence and materially increase its power. The matter of making reports, whether to Congress or to the president, is regarded by many as relatively immaterial, as it is taken for granted that the pressure of popular demand would compel the publication of the reports wherever they were sent. If the committee on ways and means should act promptly and get its bill before the House, the chances of its passage in the Senate would be improved. With John Dalzell subscribing to a report to which Nicholas Longworth also would agree, the chances are that a stand-pat filibuster in the House would be minimized. The Democrats, under the new rules, probably could obstruct the legislation more easily than in the old days. As a political proposition, the tariff commission bill probably is of more vital importance to the Republican party than any other measure before Congress, hence when the bill is finally reported all Republicans over whom the leaders have any control will be expected to vote for it. This class, unfortunately for the bill, does not include incorrigible patriots like Senator Heyburn of Idaho.

ALDRICH FORCED TO TAKE A REST

Rhode Island Senator, Ill as a Result of a Bad Cold, to Go South for a Time.

Washington, Jan. 17.—Senator Nelson W. Aldrich of Rhode Island, who has been ill here for the past two weeks, will leave Washington at once for the South. The senator's illness resulted from a cold.

Until two or three days ago, he did not think it would be necessary to seek a warmer climate, but his trouble hung on so persistently that he decided to go to Georgia. If possible, he will keep his address secret, that no business shall reach him. Two years ago, Senator Aldrich had similar trouble, and he was benefited by a few weeks in Georgia and Florida during the severe winter here.

BATTLE IN MEXICO.

Two Small Forces Fought for Sixteen Hours.

Chihuahua, Mexico, Jan. 17.—A 16-hour battle between 70 government volunteers, so called, and 100 revolutionists occurred at the village of Coyome on Saturday.

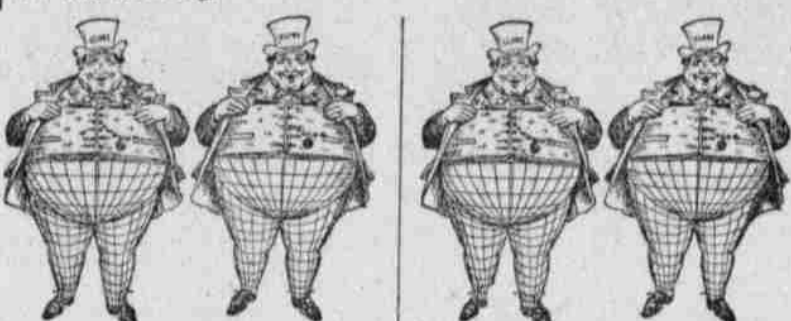

This report reached General Hernandez, commanding the military zone, yesterday. No details were given, but from the duration of the engagement it is presumed the losses were considerable. Coyome is about midway between this city and Ojinja.

The fight is taken as confirmation of the insurrection report that the revolution is being carefully fostered east and northeastward. It is doubtful if there are more than 300 federal troops in that section of the state.

Body in the River.
Taunton, Mass., Jan. 17.—While crossing a bridge over Mill river here yesterday, Walter Burr discovered the body of Walenty Balzel, 28 years of age, in the water. Balzel left his boarding-house here Sunday night, in an apparently pleasant frame of mind, and had not been seen since. Medical examiner Presbey, who was called, stated that he had found nothing to indicate foul play.

NEW ATTACK ON BALLINGER

Senator Purcell Proposes a Resolution

HE DEMANDS THE REPORT

Of Congressional Committee—Repeats Old Charges Against the Secretary. Declares the Latter Not True to the Trust Reposed.

Washington, Jan. 17.—Renewal of the attack on Richard A. Ballinger, secretary of the interior, is contemplated in a resolution introduced by Senator Purcell yesterday, which seeks to force out into the open the report of the joint congressional committee against the cabinet officer by Gifford Pinchot, former chief of the forest service. The report has been in the possession of both the Senate and House for some time, but no action has been taken on it, both branches apparently being willing to let the matter remain as it is. The resolution in part reads:

It is the sense of the Senate that the findings and conclusions reported by certain of the members of said committee to the effect that Mr. Richard A. Ballinger, secretary of the interior, has not been true to the trust reposed in him as such secretary, that his administration of that office has been marked by a lack of fidelity to the public interest, that he is not deserving of public confidence and should no longer be retained in that office, are based upon and in substantial conformity with the evidence reported by the committee.

The majority report committee, signed by all the Republican members with the exception of Representative Madison of Kansas, exonerated Mr. Ballinger of the charges, while the Democratic members in a minority report declared the charges to have been sustained by the evidence adduced. Mr. Madison submitted an individual report slightly differing from the minority findings.

Senator Purcell is a member of the Ballinger-Pinchot investigating committee, and in response to an inquiry he said that it was his purpose to press the resolution to a vote if possible. He spoke on the question to-day.

MORMONS ASK PROTECTION.

Chief of Missionaries in England Says They Are Being Persecuted.

London, Jan. 17.—W. F. Monson, chief of the Mormon missionaries in England,

has addressed a letter to Home Secretary Churchill, seconding the request of certain English clergy that the home office investigate Mormonism in this country. Monson alleges that the Mormons are being persecuted. An anti-Mormon campaign was recently organized at Liverpool by the bishop of Liverpool and other prominent churchmen. The object was the expulsion from England of Mormon missionaries, who were charged with seducing many recruits, chiefly girls, to the United States. The crusade has been taken up by the clergy of other cities.

SAY BANKER ROBIN STILL HAS \$1,000,000

Bankruptcy Proceedings Instituted Now Against the Financier Who Recently Came to Grief.

New York, Jan. 17.—An involuntary petition in bankruptcy was filed yesterday in the United States district court against Joseph G. Robin, who is described as a banker and broker in business at Forty-second street and Broadway, by the Northern bank, the Washington Savings bank and H. Gerald Chapin of New Rochelle. The petitioners assert that Robin's assets are approximately \$1,000,000.

SIGNED BY GOVERNOR.

Various Measures Which Had Passed the Vermont Legislature.

Governor Mead has just signed the following measures:

Joint resolution relating to the mileage of certain officials of the general assembly.

S. 60. An act relating to foreman of petit jury.

S. 94. An act to amend section 3 of No. 189, acts of 1908, incorporating the village of Derby Line.

S. 130. An act relating to the registration of automobiles and motor vehicles by non-residents.

S. 118. An act to amend section 3960 of the public statutes, relating to orders of town road commissioners.

S. 45. An act to amend sections 3710 and 3718 of the public statutes, relating to insane paupers.

S. 66. An act to amend section 3736 and to repeal sections 3737 and 3738 of the public statutes relating to the treatment of inmates.

S. 86. An act to authorize the trustees of the Vermont state hospital for the insane to erect and equip a building to be used as a criminal ward in connection with said hospital.

S. 23. An act to amend section 4081 of the public statutes as amended by section 5 of No. 90, acts of 1908, relating to dealers' certificates.

S. 120. An act to amend section 4082 of the public statutes, relating to the operation of automobiles or motor vehicles.

POSTPONE CAMORRISTS' TRIAL.

Chief of Italian Outlaw Society to Face Murder Charge.

Viterbo, Italy, Jan. 17.—It is probable that the trial of Chief Enrico Alfano and his 31 comrades in the Camorra charged with the murder of James Cuccolo and his wife, will be postponed to a date in the first week of March.

When brought here from Naples on January 7, the prisoners were in a highly nervous state and in other ways showed the effect of their long confinement. Now, however, they are declared to be in perfect health. Alfano has been restored to his old-time vigor.

NOTHING LIKE IT.

Commanding Battleship Fleet One Best Job, Says Evans.

Chicago, Jan. 17.—"I haven't been able to find out yet what contentment a life ashore seems to yield to so many people," said Rear Admiral Robley D. Evans, as he rested in Chicago Sunday between trains.

"For two years I have been trying to figure it out. I have lost myself in a maze of business enterprises, but changing money never can take the place of the old times at sea. I intend to move my residence from Washington to California, where most of my newly acquired business interests are. There I shall build me a home by the ocean."

"There's no job on earth to compare with that of commanding a fleet of battleships. President come and they go, but the admiral goes on as long as the pension system admits, irrespective of the ups and downs of politics ashore."

BOUND TO A TREE.

American Badly Treated by Two French Robbers.

Paris, Jan. 17.—A man, describing himself as Harry Miller, an American, aged 28, was discovered Sunday night bound to a tree near Joinville-le-Pont, six miles west of Paris.

A squad of soldiers came upon Miller, who declared he had been set upon by two men, who, after robbing him of his clothing and \$1,000, tied him to the tree. In exchange for the clothes taken,

the robbers dressed him in an old coat and trousers.

The police set to work on the case and near the scene of the robbery they found a vial containing a liquid, which they thought to be a poison.

Bryce May Retire.
London, Jan. 17.—Rumors that Ambassador Bryce contemplates an early retirement from his post at Washington are again current. Sir Maurice DeBunsen, British ambassador at Madrid, is once more mentioned as the possible successor to Mr. Bryce.
